

Pastoral Care Team: Ordinary People, Extraordinary Ministry

Pastoral Care Team members are trained and supervised by leaders who work closely with them, helping each member offer the right amount of caring, depending on one's abilities and availability. New member orientation, team member training and visitation skill-building sessions are offered each fall. Team members and leaders receive continuing education and training throughout the year. Our Pastoral Care Teams include both ordained clergy and lay ministers. Team members are available if you know someone who: is sick at home, is in the hospital, has had a death or other loss in the family, had a baby, needs a meal in time of crisis, needs a ride, wants communion, enjoys getting a card or a call...or just needs a little extra "TLC" or a bit of prayer. Each week, a team is "on call" to minister to those in need.
